MULTISHIELD

galvanised steel composite sheets

A double-sided composite panel offering greater strength and rigidity, Multishield's galvanised steel sheets have two different coatings and are also receptive to magnetic media. Now available in either digital/digital or digital/whiteboard finishes.

**Strong
and durable
galvanised
steel**

**Strong &
Durable**

**Whiteboard
finish**

**5 year
guarantee***

**Specially developed
digital coating**

**Magnetically
receptive surface**

*The product is suitable for interior and exterior use but any cut/exposed edges must be treated and protected in order to prevent oxidation when exposed to weathering.

MADE IN BRITAIN

Both sides of the panel have a flat, smooth, uniform surface, one side with a digital coating to help produce vibrant, colour-fast prints and the other side with a whiteboard coating.

Ideal for hoardings, whiteboards, printing and many other applications, the galvanised steel provides additional strength plus the versatility of a magnetically receptive surface.

Multishield panels can be fabricated, are strong, self-supporting and offer outstanding reliability with the backing of a 5 year guarantee*.

Applications:

- White boards
- Printing direct
- Sign making
- POS displays
- Transport
- Hoarding
- Industrial production

 **MADE IN BRITAIN**

Property		Sheet Sizes	
Panel Thickness (mm)	3 6	Width	Length
Skin Thickness (mm)	0.25 0.25	1220	2440/3050
Weight (kg/m ²)	6.35 9.37	*The product is suitable for interior and exterior use but any cut/exposed edges must be treated and protected in order to prevent oxidation when exposed to weathering.	
Skin	Digital & whiteboard coatings	**Also available in a digital coating on both sides.	
Core composition	LDPE
